REPORT OF LIBRARY TRUSTEES

During 1972 the restoration of the interior of the Library continued. Mrs. Melville has nearly completed her beautiful work and only portions of the frieze are unfinished. The kitchen and entry have been painted as well as the front steps and doors.

Among activities at the Library were summer reading programs, a Christmas party, and reading contests. The Library actively participated in the Town's 250th Anniversary Program and an open house was held for a group tour.

Considerable old and unused books were sold or discarded.

The Trustees are most appreciative of all those who have made contributions of books, articles and monies to the Library. A Recent addition is "The Law and the Prophets". The Rosemary Bohm Trust Fund for purchase of books was received during the year. We gratefully thank George Rollins for cleaning the rug and Tri-Rent-All for the use of their scaffolding for a long time at minimal expense. At the end of 1972 Anne Ferreira submitted her resignation as Librarian and Ruth Blatchford was appointed successor. The fine work Mrs. Ferreira did in promoting and stimulating interest in the Library and its programs was much appreciated.

The Library is open Wednesdays and Saturdays from 2-5 and Tuesday evenings from 7-9. All are welcome.

FIRE DEPARTMENT 1972

To you the people of Hampton Falls. I want to again thank you for a fine fire year. I know you must all be thinking **FIRE**.

This year we have purchased many more things to fight fire with. We are now working to buy the town a new truck which will haul water and also pump. This truck will not cost the town a red cent, for it will be paid for by the Fire Department.

Again the officers and men and myself invite you, the people of the town, to visit the station and look at the equipment. We still meet the first Tuesday of each month and have a work party and drill the rest of the Tuesdays of each month.

REPORT OF THE PLANNING BOARD

Perhaps the greatest consumer of the Planning Board's time in 1972 has been the petition of Janvrin's Inc., developers, to the Rockingham County District Court for a reversal of the Board's decision against the development of Woodland Acres, Part II, on the basis of poor percolation. Court appearances were necessary, and the Board was ably represented by our new Town Counsel, Alfred Casassa, and his associate, John Ryan. A compromise based on precedent established in a Nashua case led to a finding by the Master of the Court which would allow Janvrin's, Inc. to resubmit a plat for Woodland Acres, Part II, under current zoning requirements within a designated time limit. This has not taken place.

Percolation tests on all lots have been carefully scrutinized, often on location, by members of the Planning Board. This has had what we feel to be a salutary effect on the way tests are now done, insuring better disposal systems for individuals building homes here.

The Board has been otherwise occupied with subdivision recommendations from other developers and with carefully continuing on our road of conservative planning for Hampton Falls which will hopefully retain its environmental flavor. It is well-known in banking and real estate circles that our Town is one of the most desirable places to live in Southeast New Hampshire.

In the course of its activities, the Planning Board has had to rely strongly on the Southeastern New Hampshire Regional Planning Commission for legal and engineering advice and secretarial help and help in preparing for hearings. Without this help, the Planning Board would be sorely put to cover all the ground required of it in this fast-moving time.

We can see that there will be more developing. Hampton Falls sometimes seems to be an island of planning sanity to us but it becomes more and more complicated. The Planning Board is always totally subservient to the will of the voting majority in Hampton Falls.

Mark Kelley, Secretary

Report of the Commissioners of the Southeast New Hampshire Regional Planning Commission

As the Town Planning Board attempts to handle ever more thorny problems involving legality, engineering and hours of research, the Board becomes more and more dependent upon services rendered by the Southeastern New Hampshire Regional Planning Commission. Problems encountered in Planning for the Town have been greatly alleviated by the expertise offered by the Commission.

Area planning currently underway at the Commission includes a master plan for Waste Disposal in which activity the Board of Selectmen have been engaged already. Meetings are being held and the solution to this problem is being sought at all levels.

As other area matters come up for consideration, it becomes obvious to your Commissioners that the scope and power of this Commission is broadening. Both in the need for Area Planning and the need for project funding, the Regional Planning Commission becomes a most helpful adjunct to local planning. The need for area planning becomes great with the increase in population density and industrial and recreational growth.

Activities of all kinds seem to be taking place at a furious pace in our corner of New Hampshire and it must follow that some order be introduced to counter possible devastation. A body which can view this activity more broadly than local organizations which seldom communicate, can be valuable.

Your Commissioners have participated in such a body and feel that their time and the Town's money have been well spent.

Respectfully submitted

Jerome Healey

Town Warrant

The State of New Hampshire

To the inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the sixth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see whether the town will vote to designate the following roads as scenic under the provisions of RSA 253:17 and 253:18, for the purpose of protecting and enhancing the scenic beauty of Hampton Falls and, further, that the Selectmen shall file the appropriate request for the suspension of specifications when making application to the Commission of Public Works and Highways for town road and funds under RSA 241:7(1):

Frying Pan Land	Nason Road	Goodwin Road
Drinkwater Road	King Street	Sanborn Road
Parsonage Road	Curtiss Road	Brown Road
Depot Avenue	Stard Road	Dodge Road
Crank Road	Mill Lane	Coffins Mill Road
Brimmers Lane		Towle Farm Road

4. To see if the town will vote to amend Article III, Section 6 (NonConforming Uses), B of the Zoning Ordinance to read as follows:

B. **Discontinuance.** If a Non-conforming use is discontinued for more than 3 years, any use to which the

land, building or structure is subsequently put shall be according to the stipulations of this Ordinance.

5. To see if the town will vote to add the following requirement to the Zoning Ordinance, Article V, Section 3 (Board of Adjustment):

D. **Fees.** An application fee of \$15.00 shall be submitted with each hearing request to the Board of Adjustment to cover the costs of legal advertisements, mailing and inspection.

6. To see if the town will vote to add the following to Article V, Section 3 Board of Adjustment, C. **Exceptions:**

5. An exception may be granted to permit a single family dwelling to be constructed on a property consisting of not less than 2 acres, not having frontage on a public street, which can be reached by a right-of-way of record not less than 40 feet wide, which right-of-way existed on or before March 9, 1973. The entrance from the public street to said property shall be the sole responsibility of the property owner of record.

7. On petition of Donald L. Janvrin and 27 registered voters of the Town:

To see if the Town will vote to approve the following amendments to the Zoning Ordinance, Article III, Section 4A, (Area and Frontage Requirements), to read as follows:

A. Area and Frontage Requirements,

1. The minimum lot area shall be 40,000 square feet.

2. Each lot shall have a minimum frontage of 200 feet on the principal route of access to the lot.

(40,000 square feet is less than an acre. The present minimum lot area is **two acres**. NOT RECOMMENDED by the Planning Board)

8. On petition of Donald L. Janvrin and 29 registered voters of the Town:

To see if the Town will vote to approve the following amendment to the Zoning Ordinance Amendment adopted March 10, 1970, to increase the Business District

of the Town as set forth in Article II, Section 2 (Zoning Map) as follows:

Article II, Section 2 (Zoning Map)

The Business District on the Zoning Map is declared to be 500 feet in depth from both sides of Route 1.

(NOT RECOMMENDED by the Planning Board)

9. On petition of Charles Burwell and 26 registered voters of the Town:

To see if the Town will vote to add the following to Article IV of the Zoning Ordinance:

Section 6. The raising and boarding of racing dogs is prohibited in the Town.

(The Planning Board RECOMMENDS this addition)

Mark Kelley, Secretary
Hampton Falls Planning Board

REPORT ON THE 250TH ANNIVERSARY CELEBRATION

On behalf of the Town, I would like to express my sincere gratitude to those who gave unselfishly of their time and talent in making our 250th anniversary celebration a success. To identify each of you for your important contribution would be somewhat difficult but those we will always remember are:

Mark Kelley and daughter, True for their illustrations:
Richard Sanborn for his creations and his students for
the many hours spent assisting the Committee: Marilla
Laughlin and Martha Batchelder for their writings:
Georgianna Swain for organizing a successful horse show:
Gloria Kent for her part in leading the parade: Sam
Powell for designing the commemorative coin and author
of the supplement to Hampton Falls History: the Committee
for the many hours they gave in the planning and
preparation of one of the most important events in our
Town's history: and last, my personal thanks to the voters
who made it possible for me to serve as Selectman for
twelve years and Chairman of this celebration.

Sincerely yours,

Ralph M. Farley - Chairman
Board of Selectmen

The Hampton Falls Police Department would like to thank the people of Hampton Falls for the splendid support we received during the past year. Your efforts and cooperation helped us to succeed in bringing about a halt to the series of house breaks that were occurring in our area.

Your continued support is needed and will be greatly appreciated.

Our thanks to our neighboring towns, the Sheriff's department and the State Police for their assistance.

REPORT OF THE SEACOAST HOME HEALTH ASSOCIATION

The Seacoast Home Health Association serving the towns of North Hampton, Hampton, Hampton Falls, and Seabrook is most commonly known as "The Visiting Nurse Association", but its scope has become far wider.

Because of both Federal and State requirements, Home Health Care may also mean teaching a member of the family to properly care for a child or anyone in the home who is ill. It also means checking and following up on T.B. cases, operating a "Well Child Clinic", assisting School Nurses (at their request) with an immunization clinic, - and much more than giving a bed-bath or a shot, although the latter are necessary.

The following report of our Nurse Supervisor, Mrs. Doris Gardner gives an excellent picture of the growth and activity of our Association:

"Since the Seacoast Home Health Association was established three years ago there has been a steady increase in the number of calls made each year. From 2089 in the year ending June 30, 1970, to 3886 in the year ending June 30, 1972. Due to the increase in case load our Staff now consists of three full time Registered Nurses, and one part time Licensed Practical Nurse. In addition to the nursing staff our agency now has under contract a physical and occupational therapist.

The service of a speech therapist is available when required.

There are 44 children from our area being followed up by the State Crippled Children service. We make visits to these families at the request of the State Public Health nurse when there is any problem regarding appointments or medications.

Our Well Child Clinic, which was started in May 1971 at the request of the State, has been well received. It has been proven that there is a definite need for this service as we now have 248 children enrolled, and have

discharged 98. Services provided at the clinic include Physical examinations by Dr. Whitney, a complete immunization program, routine hemoglobin, counseling regarding dental care by a State Dental Hygienist, and Nutrition counseling by Rockingham County Home-Economist. Growth and development assessments are done by agency nurses, and follow-up home visits WHEN REQUESTED BY THE PHYSICIAN. The outreach worker at our clinic has referred 81 patients to the Family Planning Clinic in Exeter, and 11 children have been referred to the Crippled Children Service, Pediatric, Diagnostic, or Heart Clinics.

The Well Child Clinic is funded by the State with regard to supplies and salary of the doctor, and due to the generosity of the Trinity United Church of Seabrook, N. H. is held the first Friday in each month at their Parish House located on Lafayette Road. Appointments must be made in advance.

Our last report showed 9 patients being followed under the State T.B. Program. Currently our records show that this has increased to 14. Monthly visits are made to check on medications and x-ray appointments.

Members of the staff have taken advantage of any educational opportunities offered in the area, some of which include a monthly pediatric conference presented by the doctors from the Exeter Clinic, bi-monthly conferences given at the Exeter Hospital on Cancer, programs presented by the State on T.B., Maternal and Child Health conferences at the University of New Hampshire, as well as workshops on Arthritis, Stroke, Nutrition, Cystic Fibrosis and re-habilitation nursing."

Doris Gardner, Nurse Supervisor

Between July 1, 1972 and December 31, 1972, 2113 calls have been made by our nurses, an increase of 212 over the same period last year. 458 of these calls have been free.

The fiscal year of the Association runs from July 1, to July 1 each year, but the Annual Meeting is held the second Tuesday in January. This makes budgeting a bit

difficult as the need increases. We must bear in mind that the population of All southern New Hampshire towns has increased very rapidly during the past few years.

On behalf of the Board of Directors I wish to express our appreciation to the four towns involved, to the organizations and private citizens who have contributed to this worthwhile work, and the ladies who have given volunteer service at the Well Child Clinic.

The Board is very proud of our Staff who are dedicated and conscientious nurses, and of our efficient part-time secretary.

On January 1, 1973, it was necessary to move to larger quarters at 33 Winnacunnet Road, Hampton, where our nurses may be reached at phone number 926-2066.

HELEN W. HAYDEN, President
Seacoast Home Health Association

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Hampton Falls:

I submit, herewith, my annual report for the Hampton Falls School District.

The State Board of Education has mandated that each supervisory union is to prepare a master plan for staff development. By July 1 of 1975 we must submit individual requirements based on this plan for all certificated personnel within Supervisory Union #21. These programs will replace the certification requirements now in existence that are based on the accumulation of college credits.

Specified activities for continued certification must fit within the following categories:

1. Knowledge of subject or service area.
2. Basic teaching skills.
3. Orientation re structure and operation of local schools.
4. Exploratory or innovative activities.

A fifteen man committee made up of pupils, parents, teachers, and administrators has been elected and is at the present time working to meet State requirements through recommendations to the several school boards.

Their first task is a needs assessment. This will be an examination of programs and personnel throughout the Union to determine what procedures for staff recertification can be implemented to best serve the needs of our communities.

Their task is a most important and difficult one. I wish them well!

As you citizens of Hampton Falls know, the combination of student housing and educational costs is presenting a problem for our junior high students. For years seventh and eighth grade students have gone to Hampton Academy Junior High School on a tuition basis. The acceptance of these students by the Hampton School Board because of space limitations and the expense as viewed by some Hampton Falls residents has become an issue.

In order to cope with all possible alternatives the Hampton Falls School Board is maintaining liason with the Hampton School Board and has directed the school administrators to prepare educational specifications for possible construction.

Educational specifications are required by the State as a prerequisite to planning the nuts and bolts of a new school building or addition.

They include the stating of a philosophy, a survey of existing facilities, an examination of the present and future programs, enrollment projections, space and equipment needs, and administrative recommendations.

As part of my report I will include the lists of the revised Powers and Duties of the Superintendents, School Boards, and Principals as voted by the State Board of Education on January 17, 1973.

(see attached copy)

Enrollment figures for all districts in Supervisory Union #21 as of January 31, 1973 are as follows:

Hampton	1536
Hampton Falls	152
New Castle	70
North Hampton	609
Rye	564
Seabrook	639
South Hampton	113
Winnacunnet	1177
Total	4860

I would like to thank the students, staff, school

board members, and citizens of Hampton Falls for assisting me over the past year.

Respectfully submitted,

Richard C. Hamilton
Superintendent of Schools

Revised Powers and Duties of Superintendents, School Boards, and Principals

(as voted by the State Board of Education - January 17, 1973)

Superintendent

Preamble - The Superintendent shall serve as the executive head of the public schools. He shall be responsible for planning and administering their affairs subject to statutory requirements, the regulations of the State Board of Education, and the policies of the local districts. The position shall develop and maintain a system of public schools, capably staffed to provide quality education and supportive services. The Superintendent shall provide, develop and implement the procedures to achieve educational objectives within his administrative unit.

In performance of those duties, he shall be directly responsible to the State Board of Education through its Commissioner, and the Board or Boards of the Supervisory Union.

The Superintendent may be supported by one or more assistants such as assistant superintendents, business administrators and teacher consultants. He shall delegate such of his duties as is necessary and desirable for the efficient completion of the requirements of the position.

1. The Superintendent shall nominate all professional central office personnel.
2. The Superintendent shall direct and supervise the work of all employees of the district and shall have all the powers necessary to make such direction effective. While the Superintendent has ultimate responsibility, he may delegate powers and duties to other personnel.
3. He shall nominate all certified staff and appoint other employees in accordance with the laws, regulations of the State Board of Education, and school board policies.
4. He shall be responsible for the selection and purchase of textbooks and all other scholastic apparatus and supplies in accordance with the regulations of the school board and the State Board and see that the same are suitably distributed to the school, accurately accounted for and economically used.
5. He shall be responsible for developing and recommending to the school board the annual budget for the support of the educational program and for the operation and maintenance of schools in accordance with School Board policy.
6. He shall be responsible for an accounting system and financial reporting procedure in order that all funds will be accounted for in accordance with local school board policy, and local and state law.
7. He shall be responsible for the development of an educational plan for the district or districts and for recommending a program of studies suitable to the needs of the pupils and the community in accordance with local school board policies, state statutes and State Board regulations.
8. The Superintendent may, for cause, remove a teacher or other employee of the District in accordance with state statutes.
9. He shall recommend the dismissal of certified staff to the Board, recognizing its authority to dismiss according to the statutes.
10. He shall provide for temporary vacancies and shall have the authority to secure supplies immediately needed for the operation of the schools.
11. He shall be responsible for maintaining records and

making reports as required by the State Board of Education and the local school boards.

12. He shall admit pupils to school attendance in accordance with the laws of the state and the regulations of the State Board and policies of the local board. He shall assign them to such classes and grades as he finds their needs warrant.

13. He shall provide for the alleviation of hazardous conditions of an emergency nature that affect the health and welfare of pupils.

14. He shall be responsible for the evaluation of personnel and programs in accordance with local school board policies.

15. He shall be responsible, after notice, for the implementation of the policies and regulations of the State Board of Education. He is expected to participate in the development and evaluation of said policies and regulation as requested by the Commissioner of Education.

School Boards

1. The school boards shall adopt such policies as are necessary and desirable to control and effectuate the recruitment, employment, evaluation and dismissal of teachers and other employees and may delegate authority to the superintendent of schools to carry out the provisions of such policies excepting that no teacher shall be employed who has not been nominated by the superintendent of schools and elected by the school board.

2. The school board shall adopt such policies as are necessary and desirable to control and effectuate the purchase of equipment, supplies, or services and may delegate to the superintendent of schools the authority to make commitments in accordance with policy.

3. The school board shall, through appropriate planning and required action, make suitable provision for the physical accommodation of all students in approved schoolhouses or other suitable facilities; shall provide

required transportation of students; and shall provide that all school buildings and other learning environments be maintained in a manner consistent with acceptable standards of health and safety.

4. The school boards shall seasonably prepare a budget of school expenditures and make suitable and timely assignment of the school money to the various needs of the schools. In state-aided districts, accounts shall be kept as the State Board shall require and shall be open at all times to the inspection of the superintendent, or any other officer of the State Board and to the public in accordance with the Laws of the State of New Hampshire.

5. They shall hold meetings for the transaction of business at least once in two months and shall require the attendance of the superintendent or his designee. The board shall cause a written record to be kept of each meeting.

6. School boards shall, in consultation with the Superintendent and in accordance with statutes and regulations of the State Board of Education, determine the educational goals of the district, develop long-range plans and identify measurable and attainable short-term objectives. The school board shall require the implementation of educational programs designed to reflect the goals and objectives and further, the school board shall require the appropriate review of such programs and make public the results of such investigation.

7. The school board shall exercise all powers and perform all duties vested in and imposed upon the school board by law or regulations of the State Board which are not committed to the superintendent or by them expressly delegated to him.

Principals

1. The school principal shall be responsible for the internal organizational structure of the school, the programs of the school, the governance of the student body, the utilization of technology and the utilization of the plant in accordance with local school board policy

and/or as directed by the superintendent of schools.

2. The school principal shall evaluate and make recommendations to the superintendent concerning candidates for professional and non-professional positions within the school and administrative unit in accordance with local school board policy and/or as directed by the superintendent of schools.

3. The school principal shall assign, direct, and evaluate all personnel employed within the school administrative unit in accordance with local school board policy, administrative regulations, and as directed by the superintendent of schools.

4. The school principal shall perform any other duties assigned by the superintendent of schools in accordance with local school board policy, state statutes and regulations of the State Board of Education.
